Product highlights

IBM SolutionPac Legal Profession Series combines software and services that have been carefully selected to offer members of the legal profession an automated system solution for their unique needs. Software options and features include:

- Lawyers Assistant—provides lawyer with tools to be more productive. Includes facilities for:
  - —Creating notes, memos and draft documents
  - —Maintaining quick reference to clients, matters and dates
  - —Analyzing spreadsheets
  - —Retrieving documents and data from various databases
- Law Firm Secretarial
  - —Provides legal secretaries and word processing operators with high-function text-processing capabilities
  - —Allows editing and processing of draft documents prepared by lawyers
- Law Firm Practice Management
  - —Client Files, Conflict and Dates:
    Reduces clerical tasks
    Ensures documentation control
    Prevents conflict-of-interest situations
    Provides reminders of key dates and deadlines
    Tracks client fees
  - —Litigation Support:
    Provides control for the collection, organization and retrieval of litigation documentation

- Law Firm Financial
  - —Client and Lawyer Financial:
    Records and reports client financial data (time, disbursements, billings, accounts receivable)
    Prints client statements
  - —Law Firm Financial General Ledger:
    Provides control of cash flow and overhead
    Provides measurement reports on financial progress
- Installation of the SolutionPac software products on the customer's hardware by the dealer
- Tutorial training examples with instructions included with each module
- User support for 90 days
  - —Dealer supported by the National Support Center
  - —Telephone assistance for suspected software problems and answers to software usage questions
